

DESIGN-DRIVEN SECURITY
BOON EDAM
YOURWAY.

DESIGN TALK.

Boon Edam's **YourWay** offering goes beyond boundaries. YourWay is a revolutionary principle that allows you to tailor your entrance solutions to your exact specifications. Our commitment to customer satisfaction and desire to deliver the perfect entrance solution means that we work closely with you to create a bespoke solution that meets your unique needs.

Your vision. Our expertise.

"As an architect, I'm always looking for ways to push boundaries and create unique and inspiring spaces. When it came to specifying entrances, I knew I needed something special that would offer the highest levels of security and blend seamlessly into the overall design. That's when I discovered Boon Edam's YourWay concept, and it was a game-changer for me.

The endless integration possibilities meant I could incorporate cutting-edge technologies like facial recognition and elevator destination control while still achieving a sleek and seamless aesthetic. And the fact that everything could be fine-tuned to my exact specifications meant that I could create a unique entrance solution perfectly suited to my project's needs.

Working with Boon Edam was a breeze, and the final result was beyond my expectations. I would highly recommend YourWay to any architect looking to take their designs to the next level."

Ethan Ross, Architect

Ross & Associates Architects

OVERVIEW.

As designers and architects, you understand the value of aesthetic appeal in every aspect of your work. From the smallest detail to the largest structure, every element must blend together seamlessly to create a stunning finished product. At Boon Edam, we believe that security should be no exception.

With the YourWay principle, you have complete control over every aspect of your entrance solution. You can choose the materials, colours, finishes, and even the shape and size of your security entrance. Our team of experts will work with you to understand your needs and create a solution that perfectly fits your requirements.

One of the key benefits of YourWay is the ability to create a truly unique entrance solution. Our solutions are designed to seamlessly integrate with your building's architecture, enhancing its aesthetic appeal while providing top-notch security.

At Boon Edam, we believe that security should never compromise on style, functionality or flexibility. So why not contact us today to find out more about how YourWay can help you achieve the perfect entrance solution for your building?

MEDIUM LEVEL SECURITY

DESIGN-DRIVEN SECURITY.

Boon Edam's YourWay is a unique approach to designing and manufacturing security entrances that puts you, the customer, at the center of the process.

With YourWay, you have complete freedom to design and customise your entrance solution to meet your exact needs and specifications, while still benefiting from the quality and reliability of Boon Edam products.

KEY BENEFITS

- **Customisation:** Allows you to meet your specific needs and preferences, ensuring a unique and tailored solution.
- **Flexibility:** Gives you flexibility in the design process, allowing a choice from a variety of materials, finishes, and technologies.
- **Innovation:** Working with Boon Edam's team of experts means you can incorporate the latest innovations in security technology into their entrance solution.
- **Efficiency:** YourWay ensures that the entrance solution is designed to fit the specific environment and user flow, enhancing the efficiency of foot traffic.
- **Aesthetics:** Opens up creative design possibilities, ensuring that the entrance solution not only enhances security but also adds to the overall aesthetic of the building.
- **Investment:** Investing in a customised entrance solution means enjoying a higher level of security and convenience while also adding value to the project.

Boon Edam's YourWay principle allows architects and designers to integrate security entrances into their designs in a seamless and unobtrusive way.

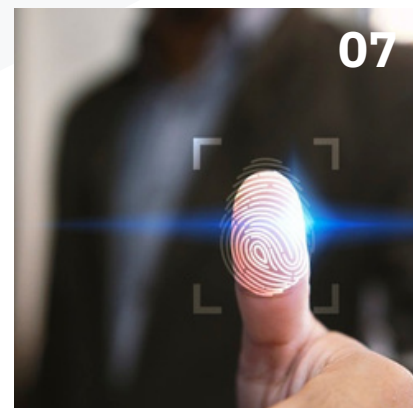

By offering a wide range of integration possibilities, from elevator destination control to advanced access control readers, YourWay gives architects the flexibility to design their entrances to complement their building's aesthetic while still providing the necessary security measures.

The entrance solution can be customised to meet the project's specific needs with options like floor plinths and barrier posts. This level of customisation and integration is essential in creating an entrance that meets modern architecture's practical and design requirements.

SEAMLESS INTEGRATION.

- 01 Elevator Destination Control
- 02 MorphoWave Reader
- 03 BoonTouch Control Panel
- 04 Facial Recognition
- 05 Floor Plinths and Barrier Posts
- 06 QR Code Readers
- 07 Fingerprint Scanners

TAILOR-MADE INNOVATION.

Whether it's a sleek glass finish or a minimalist metal design, Boon Edam's YourWay principle offers unparalleled customisation to ensure that your security solution meets your exact needs.

The results translate into a stunning and secure environment that reflects your client's brand and values. Our tailor-made innovation can revolutionise the way you approach security solutions - now and in the future.

CAREFULLY TAILOR-MADE.
