LIFELINE SPEEDLANE OPEN

The Lifeline Speedlane Open has been designed to the highest standards, ahead of industry trends:

- Using unique sensors which detect visitors approaching
- Sleep function to save energy
- Pulsing light strips to guide the user
- Intuitive and proven symbols to make it user friendly
- Ergonomic design for customer comfort
- Customisation possibilities in fitting with interior design
- Premium quality materials

LEVEL UP OPTIONS

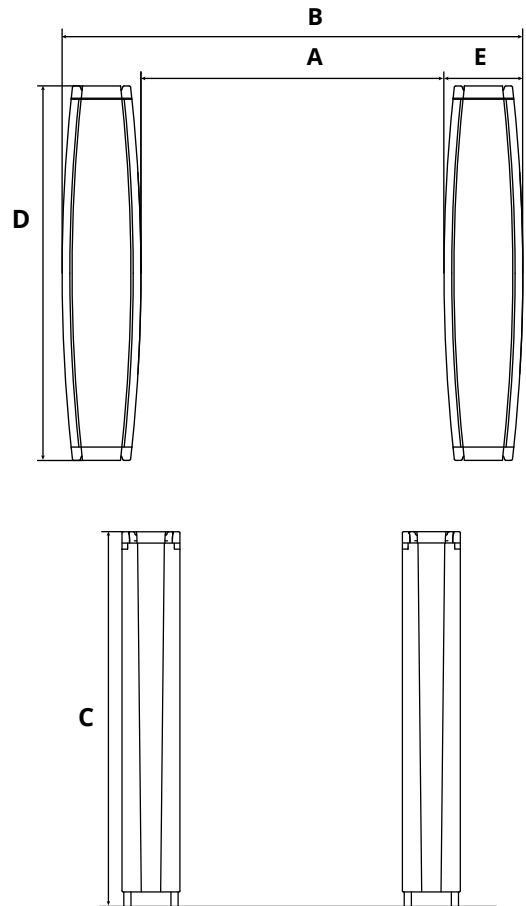

- Single lane or multiple lane set-up
- External control panel

FINE-TUNE YOUR ENTRANCE

Whether you are making a statement, aligning with corporate branding, or creating a harmonious interior design, the Lifeline Speedlane Open makes a statement. Choose from different sizes, materials and finishes, and glass to deliver high-end, high-tech, blend-in or stand-out entrances, fit for function and purpose.

BOONTOUCH

The BoonTouch is a universal control panel that can be used to operate the Lifeline Speedlane Open remotely, from a reception area or security desk. It is able to operate any combination of up to six security access solutions. With a user-friendly interface, the BoonTouch allows for the control of individual lanes, multiple lanes and to control an alarm situation.
