

BOON EDAM
YOUR **ENTRY** EXPERTS.

BOON EDAM

THE BOON EDAM SERVICE.

EXCLUSIVE SERVICE AND MAINTENANCE SOLUTIONS **DESIGNED FOR YOU**

OVERVIEW

We believe that all investments need protection for product continuity, that's why all products manufactured by us, at Boon Edam, will qualify for a personalised Maintenance Agreement with the ability to pick a level of agreement that's right for you.

Prevent breakdowns through our dedicated Service Agreement Team who are located at our UK Head Office, ensuring that your products are fully maintained throughout their lifecycles. Make sure you receive the right level of maintenance and protection to fit your needs.

DID YOU KNOW?

EU regulations (EN16005) states that to protect the safety of employees and the public it is the building occupier's responsibility to ensure that equipment or machinery is routinely maintained in line with manufacturers recommendations.

SERVICE & MAINTENANCE AGREEMENTS

As our entrance products are often installed at main entrances and high security areas, we recognise that professional installation and rapid response times in the event of a breakdown are essential. Our service and maintenance agreements provide you with the cover and comfort of knowing continued safe entrance operation is achievable at all times.

THE BOON EDAM SERVICE:

- Customised maintenance options
- Dedicated Service Desk
- Rapid response times
- National network of engineers
- Guaranteed availability of parts
- EN16005 safety standard checks

STAY BREAKDOWN PREPARED

With regular preventative service and maintenance, the risk of unexpected breakdowns is minimised, the lifespan of your product is extended significantly. And, because we have national coverage with dedicated regional experts, you can expect a more efficient yet, premium experience.

PROFESSIONAL ENGINEERS & SERVICE TECHNICIANS

All service and maintenance visits are carried out by Boon Edam employed fully trained and highly skilled engineers. Our engineers work locally to you and carry relevant parts at all times ensuring shorter response times.

All of our engineers undertake regular training updates, ensuring they conduct their work using the latest techniques. In addition, all our field staff are CSCS certified, DBS checked and receive additional health and safety updates and training as part of our BS OHSAS Health & Safety Management System.

STAY RELEVANT WITH RETROFITS & PRODUCT UPGRADES

Over time the way a building is used may change and with that a different type of entrance may be required. We offer tailor made solutions for entrance modifications, ranging from refurbishment of old equipment, to full safety, environmental or security upgrades of existing entrances.

BOON EDAM RETROFIT & UPGRADES:

- Matting Replacements
- Wave to activate buttons
- Lock-down Functionality
- Horsehair Upgrades
